	7 In the G o of 29th Oct 1914 (Mag 2), the revision of many of the establishments in the Mehty was sanctioned at an additional cost of Rs 7578. In the revision proposals now submitted four of the establishments included in the above mentioned order, are mentioned again as in need of revision. The need for this revision has been considered first by the Select Committee, next by the managing Committee & then by the Mil Council
	8 The increases proposed both under the "Accounts Branch" and "Collection Branch appear under Existing Conditions to be necessary, and the amount involved is not disproportionate to the efficient needs of those branches of pub administration.
	9 The revision of the Mental Establt does not call for any remarks, nor does that of the Statistical Branch
	10 The revision of the Conservancy Establt relates to the improvements to the pay & prospects of San Inspectors and of the overseers both of them appear to be understood necessary for there is a general scheme almost ripe for orders re the pay and prospects of San Inspectors and the proposals now made are in accordance therewith.

	Exception however may be taken as regards the proposals made for the revision of the Correspondence branch. This branch alone involves an additional cost of Rs 1650/- p.a. whether this is justifiable in view of the revision having taken place only 4 years ago is a point for consideration. Besides it is to be seen that a large portion of the additional charge is taken up by an increase in the pay of the manager & the entertainment of 2 additional clerks on Rs 35/-, while the low paid 15 Re clerk is not placed in a better position. Especially officials similarly situated in many an other office has had his lot bettered. As regards the large increase proposed in the pay of the manager, kind reference is invited to the remarks made against this item in the G.O. dt 29 10 1914. The revision of this part of the rule establishment perhaps be done for a few more years. Submitted for orders.

Revision of the Establishment
of city municipal office
Bangalore

Part of the Bangalore Accounts

17

and record-keeping, a revision in the pay of the Divisional Accountants, improving the prospects of the Shanbhogues of the Municipality, a general revision of the Health Department staff and some minor items.

3. The report was placed for the consideration of the Managing Committee and a copy of their resolution dated the 13th July 1918 is herewith submitted The Managing Committee approved of the recommendations of the Select Committee with some slight modifications

4. The subject came up before the Municipal Council at their meeting held on the 7th September 1918 A copy of their resolution is herein enclosed The slight alterations made by the Municipal Council leaned to the side of improving the pay of some ill-paid Municipal Subordinates

5 (a) From the annexed proposition statement, it will be seen that the pay of the Manager which is now Rs 70 per month is proposed to be raised to Rs. 100 - 10/1 - 150 This post is a responsible one and involves arduous work It is therefore desirable to bring the post of Manager of the Municipal Office on a level with the Managers of other Departments

(b) The clerical work in the Head Office has greatly increased of late, incidental not only to the formation of several Municipal and other Committees and enormous growth of work but also to a stricter observance of rules and regulations insisted on by the public. The appointment of two additional clerks on Rs. 35 and Rs. 25 respectively and raising the pay of the Record keeper whose duties are exacting from Rs 25 to Rs 35 are the minimum requirements consistent with the expeditious disposal of business

(c) In the accounts Section, a good deal deperds on the watchfulness of the Head Accountant and raising the scale of his pay from Rs. 60 -- 5/1 - 70 to Rs 60 -- 5/1 - 80 seems to be desirable

desirable The revision of the scale of pay of the Divisional Accountants as proposed is also called for in consideration of the importance of the work entrusted to their charge.

(d) The Select Committee rightly state that the Shanbhogues are an important factor in the collection of assessed taxes Some slight revision of the pay of the Municipal Shahbhogues was given effect to in 1913. It hardly went far enough and in these hard times they find existence impossible on their present pay. A revision of their scale of pay in the proposed manner seems to be imperatively called for. The maximum pay of the Shanbhogues being raised to Rs. 20 per month, the Council recommended that the minimum pay of the Distraining Officers be fixed at Rs. 25/- per mensem Instead therefore of 2 Distraining Officers on Rs. 20 each, one on Rs. 25/- and one Rs. 30, there will be 3 on Rs. 25/- each and one on Rs. 30 The small addition to the pay of the Duffedars and of the peon doing bicycle orderly's work may also be sanctioned.

6 (a) In the Health Department, the Conservancy gangs have had two increments of pay within the last few years, but a revision of and addition to the rest of the executive and the ministerial establishment has long been over-due It has frequently happened that a sweeper or scavenger gets more pay than the Duffedar who oversees his work The appointment of 5 additional Duffedars of Conservancy with a suitable revision of the scale of pay of Duffedars and the entertainment of 20 additional gangmen, is very necessary a further increase to the pay of Sweepers & Scavengers may soon become necessary

(b) The work of Conservancy Overseers is very trying and it is difficult to secure the proper kind of men on the present pay of Overseers A revision of their pay and the appointment of an additional hand are urgently needed

(c) With regard to the pay and prospects of Sanitary Inspectors the Council agree that the scale of pay suggested by

Government

19

Government in their Proceedings No 2582-99/Ml.186-16-4 dated the 10th November 1917 is suitable and may be accepted They would however suggest that the annual increment of the Sanitary Inspectors of the 1st grade may be raised from Rs. 2 to Rs 4

(d) The slight revision of the pay of the Ministerial establishment of the Health Office is also desirable

7 The total additional expenditure now proposed will be Rs. ~~6,000~~ 6825/- a year and the expenditure for the current year from the date of the Council's resolution viz 7th September 1918, will be Rs. 4,900/- which will be met out of the allotments of Rupees 2,400/- and Rs. 2,500/- under (2) Municipal Office (1) provision for revision of establishment and e (2) conservancy, sanitation respectively in the current year's Budget

8 Most of the items herein proposed have been pending for a considerable period I request that you may be so good as to obtain early sanction of Government to the proposals, together with orders for the scheme to have effect from the date of the Council's resolution Viz 7th September 1918

I have the honor to be,

Sir,

Your most obedient servant,

Honorary President

C.R.G

Appointed to consider the question of revision of [redacted] Health Branch of the City Municipal Office

We were in Council resolution No. 4 dated the 5th June 1918 directed to consider the question of the revision of the Health Department staff of the City Municipality which had been pending for some time. We had however been noticing that for the last two years, the Council had been providing varying amounts in the Budget for a suitable revision of the Head and Collection Office establishments, in view of the deficiencies noticed after bringing into effect a partial revision of the staff in 1913. The Hon: President instructed that a consolidated proposition statement may be submitted by us, after due enquiry into the pressing needs of all Departments and with careful regard to the permanent financial position of the Municipality, excluding adventitious or temporary items of Revenue. We hope we have borne these instructions carefully in mind in submitting the following recommendations -

Statement (A) shews the existing ministerial establishment of the Head and Collection Offices with their scale of pay. We beg to invite attention to the low scale of pay of the Manager of the Municipal Office The Post is or ought to be one of the most responsible in the Municipality and we have no doubt that the work is of a more arduous nature than that of Managers of other Departments. At the meeting held on 10th July 1918 attended by only 4 members, two were in favour of the scale of pay being brought on the same level as that of Managers of other Departments Viz: Rs. 100-10/2-150 The remaining two members favoured a scale of Rs. 80 - 10/2 - 120.

Statements (B1) & (B2) shew the enormous amount of clerical work that has to be turned out by the existing staff of the Head Office. The number of notices of

meetings

meetings of the numerous Committees, drafting their resolutions and taking action thereon have formed an important addition to the usual routine, which in itself has increased greatly of late. We therefore propose the following addition and revision of the ministerial staff as being the minimum necessary for expeditious disposal of business Viz: (a) an additional clerk on Rs. 35/- for correspondence (b) the pay of the clerk on Rs. 25 as per existing scale to be raised to Rs. 35/- (For Record-keeping) and (c) an additional hand on Rs. 25 to be posted as Assistant Record - keeper and Committee's clerk.

In the Account Section of the Municipal Office we recommend that the scale of pay of the Head Accountant may be raised from Rs. 60 - 5 - 70 to Rs. 60 - 5 - 80. A great deal depends on the zealous watchfulness of this official and we would fain make this post as attractive as circumstances permit After the Inspection of the Efficiency Audit Officer in March and April 1916, we find that a considerable amount of responsible work has been thrown on the Divisional Accountants - like preparation of Demand notices in a systematic manner, preparation of vacancy and other registers calculated to render the standing orders of the Municipal Council operable, the writing of bills &c In modification of the existing scale of pay of the Divisional Accountants we suggest 1 on Rs. 25 - 1/1 - 30, 2 on Rs 20 - 1/1 - 25, 3 on Rs 15 - 1/1 - 20 and 2 on Rs 15/

In statement(a') is shewn the existing scale of pay of the Shanbhogues We consider these Officers the props on which the foundation of Municipal finance rests To some extent we agree with the Deputy Amildar with regard to the exceeding unpopular, unpleasant, unattractive and even troublesome nature of the Municipal Shanbhogues' work We therefore propose the following revision of their scale

of pay Viz: 8 on Rs. 20, 8 on Rs. 18, 4 on Rs. 16, 4 on Rs. 14 and 4 on Rs. 12. With regard to the menial staff we propose that the pay of the 2nd Duffedar of the Head Office may be raised from Rs. 9 to Rs. 10 and the pay of the Duffedars of the Health and Engineering Offices from Rs. 8/- to Rs. 9/-. We suggest also that the pay of the bicycle orderly be raised to Rs. 10/- as it is wearisome work.

Coming next to the Health Department, we do not propose any revision of the pay of the Conservancy gangs, as they have had two increments within the last few years involving an additional expenditure of some Rs. 4,830/- to the Municipality. Nothing however has been done to the supervising staff and we consider their case hard. The Health Officer represents that a permanent increase to the strength of the Conservancy gangs has been overdue in view of the formation of the Shankarpur and Gavipur Extensions and houses springing up in the southern areas of the Basavangudi Extensions. A certain amount of paucity of hands also does exist in the City proper. We accordingly propose an additional establishment of 10 scavengers on Rs. 7/- each and 10 sweepers on Rs. 6/- each. Under supervision, we would do away with the old misleading names of Maistrys and peons and call them Duffedars of Conservancy. We would increase their number from 25 to 30 and revise their scale as follows 6 on Rs. 10, 10 on Rs. 9 and 14 on Rs. 8

The Conservancy overseers are to the Health Department what the Shanbhogues are to the Revenue and we consider that the best interests of the public will be served by making it attractive to good men as far as our resources permit. We propose the addition of an overseer to the staff and revise the pay of conservancy overseers as follows -
1 on Rs. 30, 2 on Rs. 20 -1/1 - 25, 3 on Rs. 15 - 1/1 - 20 and 6 on Rs. 10 - 1/1 - 15. With regard to the pay and prospects of Sanitary Inspectors we agree in the proposal

of Government extent that the annual increment of Chief Inspectors may be Rs. 5 instead of Rs. 4. The Office establishment of Health Officer may be revised as follows Head Clerk on Rs. 25 - 1/1 - 30, Statistical Clerk on Rs. 20 - 1/1 - 25 and Mutsaddi on Rs. 15 - 1/1 - 20.

The total increase in expenditure will according to our proposals be Rs. 5724 or 605 as against Rs.6684 including Rs. 480/- for a Steno-typist or Rs. 6204/- excluding the same, provided for in the Budget.

Sd/- R.Subba Rao,
Vice President.

" F.Fernandes,
Health Officer.

" B.K.Garudachar.

" B.Usman Khan

10 7 1918

Note by Mr. S.Venkatarama Iyer.

" Icould not understand the proposed function of a Chief Sanitary nor his qualifications better and other than those of the so called Sanitary Inspectors. Better qualifications and greater capacity for work than the others should be the guiding principle no such invidious distinctions among men of the same University or other educational qualifications. I do not desire the place for its own sake.

2. I am in favor of the scale of 100-10/2-150 for the Manager, who I daresay will always be appointed on approval

Sd/- S.Venkatarama Iyer.
